>Otsego County Conservation Association (OCCA) has filled their open professional planner position. Members of the Sherburne Planning Board who are available for a Zoom meeting tomorrow (February 12), are invited to join Aishwarya Mukund for introductions and a project update.

>The complete summary of the community survey has not been delivered by Colin Jenkins, although he had originally anticipated completion by January 28.

> OCCA needs a list of community leaders, who will be interviewed for ideas which may be incorporated into the new comprehensive plan. Send suggestions of names for the list to Mike or Nancy.

> Still seeking photographs of Sherburne's best and worst attributes to stimulate discussion during visioning sessions. Remember to identify the photo sites and credit the photographers.

> The Town needs further information about the next steps for the Department of Environmental Conservation (DEC) grant that we have been awarded through collaboration with OCCA. We'll learn more in the February 12 Zoom with OCCA. This grant will provide funding for completion and distribution of our formally documented Comprehensive Plan.
